

FS1000mk2 Followspot Light

ALS FS1000mk2 Followspot light, Equipped with 1000W High brightness LED Module with improved brightness compare to the earlier version, Sideways mounted handles are designed to allow access to the control buttons on the rotate-able rear-mounted display panel. Control of parameters may be set via the control buttons or remotely from your console, leaving the operator to concentrate on actual follow spotting. Superb and low noise cooling system is specifically designed to operate in any noise-sensitive environment, TV use enhanced with flicker-free operation. FS1000mk2 is supplied with a handle, manual iris, robust tripod, mounting adapter and flightcase.

1000W mk2

TECHNICAL SPECIFICATIONS

POWER

Voltage: AC100V-AC240V 50Hz

Rated Power : 1300W

LIGHT SOURCE

Lamp Type : High power 1000W module

Color Rendering Index (CRI): Ra>90,

OPTIC

Dimmer: 0-100% linearly adjustable

Beam Angle: 5-10 degree linear magnification focusing function

Average LED Lifetime: over 50,000 hours

Color temperature: Adjustable 3200K 5600K 8500K

Iris Control: Yes

COLOR

Red orange yellow green blue + white light

CONTROL

Control Mode: Manual -DMX is available for internal function

Rotate-able control surface for ease of better operation

PHOTOMETRICS

Illuminance @ 10M : 41800 lux

Illuminance @ 30M : 5736 lux

Illuminance @ 50M : 2050 lux

Light projection distance : 10-100 meters

Color Temperature : 3200K-8500K

BODY FEATURES

Light body: Light body made, small size,
Light weight, high brightness
Color: Black
Stand: Heavy duty solid stand
Power connection: Powercon Data ;3pin
XLR in & Out

WORKING ENVIRONMENT

-15 °C to 40 °C
Cooling System: 12 pcs of 8mm thick copper tubes are
used to conduct heat through the large surface
Product of aluminum heat dissipation, to ensure that the
LED lamp beads to achieve the best cooling
Effect
System IP Grade: IP20

DIMENSION & WEIGHT

FS1000W Packaging:
Body size: 1205 * 375.5 * 422.7 mm
Net body weight: 38 KG
Bracket & stand size: 1200 * 240 * 200 MM
Weight of bracket: 7.8 KG
Flightcase size: 1310 * 600 * 620MM
Flightcase weight: 36.5
Total weight of flightcase packing: 80KG
