

BATON W18 Pixel Bar -Outdoor

LED HP W18 is a High Performance, PIXEL Control- Wall Washer with high efficiency RGBWA multicolor LEDs and optical lens, suitable for indoor & outdoor such as fix installation for stage, club, rental application & others.

Features & Specifications

Input Voltage : AC100V~AC240V, 50/60HZ

Power Consumption : 250W

Lamp Specifications : 18 pcs 5in1(RGBWA)

high-efficiency "Individual controlled "LED.

LED Rated lifespan : 50000 hours

Lens Angle : 25° (optional 20°/30°/ 45°/ 60°)

Color : RGBWA Linear color mixing with macro

Dimmer : 0-100% linear adjustable dimming.

Refresh Frequency: 1800Hz, camera friendly.

Shutter : Independent electronic strobe.

Control Modes: Standard DMX512- 3 pin interfaces RDM control protocol, Master/slave mode, Synchronizing data from master unit automatically as data cable plugged-in.

5 auto-running modes, rainbow channel and rainbow effect.

Other Functions :

Self-programming function, 5 chases, each chase has 20 scenes, fade function;

Temperature control protection :

both of lamp holder and lamp body have temperature control protection

Waterproof Grade : high-intensity die-casting aluminum, natural heat dispersion. IP65

Work Environment Temperature : -20°C~45°C

Dimension: W:115mm, L:1000mm, H:165mm

Net Weight: 8.0 Kgs

Certification: CE, RoHS, EMC
